Maine Christian Association Gets \$800 In Campaign

Only about \$800 has been collected in the drive for \$1600 from the men students and \$800 from the women. The limited time for the drive has been extended, and it is hoped that many who have already subscribed will reconsider and enlarge their pledges.

This year the M.C.A. is particularly anxious for a successful drive as there are many improvements being made in the building. The place is being redecorated, new rooms are being created—one of which will be a miniature chapel.

Philanthropic work is to be done by the college students in Orono and Old Town and delegates will be sent to Maquon and various conventions with some of the money from the drive.

New Chimney First Step In Power House Project

Construction is to be started on a new red brick chimney at the College Road power house. The new chimney will be 7 feet in diameter and one hundred fifty feet in height far surpassing the old chimney which is to be torn down. The construction of this new chimney is to be the first step in the contemplated revision of the power house. From year to year there will be many changes. Next year a new boiler having a potential horse power of three hundred twenty-five will be installed in place of one of the old one hundred fifty horse power boilers. In time all five of the old boilers will be supplanted by others of four 325 horse power. Three of the old boilers were installed in 1907, another in 1911, and the last in 1915. They comprise the heating plan of all the buildings which is heated by its own power house. The heating of all these buildings taxes the power house to the limit. If sufficient money is raised even the armory will be heated by the College Road power house. But, because of monetary tribulations, work on the heating system of the campus buildings will be delayed, additions being made as time goes on.

Maine Spring Board Desires Contributions

The Maine Spring, a purely literary publication, invites contributions from all students. This magazine has for its subject matter only contributions by the students. The magazine is published quarterly at a low cost per person of twenty-five cents. Contributors, especially those of the lower classes, can, by faithful work, achieve some executive position later—also, one may benefit intellectually by his or her work on this literary paper. The Editorial Board assures readers and prospective readers that "The Maine Spring" staff will do its best to further the scope and interest of the contents this year more so than in any years past. Contributions should be sealed in an envelope and mailed to "The Maine Spring", Campus.

MAINE OUTING CLUB ANNOUNCES PROGRAM

An extensive and interesting program for the year was announced at the first meeting of the Maine Outing Club last Thursday evening. Hikes are planned for every week-end this fall with the exception of those when major athletic contests take place on the campus; for the winter months, a program of ski and snowshoe hikes, skating and bob-sleigh parties is to be made out, and in the spring the club is to build a new cabin at one of the near-by ponds instead of the old one at Chemo. Anyone can join the Outing Club; it is open to the entire University. Whether you are an athlete or not makes no difference. For freshmen who find it hard to get acquainted around on the campus it offers an excellent means of get-together once a week. The hikes are given by no means without reward, for by a system of point scoring, the man or woman that covers a certain total amount of miles on hikes is awarded the Outing Club insignia. That gives the members something to work towards. Meetings of the Outing Club are held every Wednesday evening in Winslow Hall.

Twenty men and women went on the Maine Outing Club's first hike and supper last Saturday at Piney Knoll. A corn chowder supper was served.

Rebecca Mathews To Head Women's Student Gov't.

Rebecca Mathews was elected president of the Women's Student Government Association at the elections held Wednesday. Miss Mathews succeeds Martha Wasgatt who was unable to return to school this fall. It will be remembered that Miss Wasgatt was elected last year, to fill this position as head of the Women's Association.

The officers who will fill the remaining positions are those who were elected at the election held during the past scholastic year.

Maine Masque To Open Season With Fine Comedy "Dulcy"

The Maine Masque has selected "Dulcy" to open its season. The play is by George Kaufman and Marc Connelly and was produced in New York City in 1923 where it ran three hundred nights. It was voted the best domestic comedy and one of the ten best plays by the New York dramatic critics. The role of Dulcy started Lynn Fontanne, now star for the New York Theatre Guild, on her road to fame. "Dulcy" is a domestic comedy with a satirical vein running thruout. It tells the story of Dancienia Smith, a beautiful bride of three months who is entirely given to repeating bromides and doing the wrong thing. Deciding to help her husband in business, she assembles guests for a house party. First there is the grumpy Mr. Forbes, his pretty wife and his beautiful and romantic daughter Angela. There is Sernel, the young advertising agent, Schuyler Van Dyke and Vincent Leech, an ethereal young man who writes scenarios. With such an ill assorted group the fun grows and grows. One of the high spots comes when Dulcy gets Leech, whom the other men despise, to tell one of his scenarios to the descriptive music furnished by Van Dyke. From there on the laughter becomes wild. Complications arise when Angela and Leech elope and one of the guests turns out to be a lunatic. But Dulcy bravely carries on uttering bromide after bromide and the play ends happily amid a torrent of laughter.

The Masque is adding this play to their season for the benefit of the Y.W.C.A.

Tryouts are now being held and the cast will be announced at an early date. The play will be produced about November 7.

As Dulcy says, "Laughter makes the whole world kin". Every one that sees it will be brothers and sisters.

M.C.A. Aims Set Forth In Chapel

The second assembly of the year, held Monday morning in the Chapel, was devoted to instructing the students about the work of the Maine Christian Association.

Donald F. Marshall, treasurer of the M.C.A., first introduced Miss Rachel Matthews, president of the Y.W.C.A., the women's branch of the M.C.A. She spoke of the work of the association and the plans for the coming year.

"The aim of the M.C.A. is to unite all students in christian comradeship; it excludes none", Miss Matthews said. To carry on this work the support of everyone is needed. The Y.W.C.A. alone expects to raise \$800. in the drive which began Monday of this week.

Charles O'Connor, the next speaker introduced, gave an account of the New England Field Conference Meeting at Hartford, Connecticut, where the christian associations of twenty-five colleges and universities, including Maine, were represented.

EXAMINATIONS FOR ANNAPOLIS TO BE HELD OCT. 26

United States Senator Hale will hold a competitive examination October 26 for appointments to the United States Naval Academy at Annapolis.

Examinations will be held in the cities of Portland, Bangor, Augusta, and Lewiston. Candidates for admission must be not less than sixteen years of age nor more than twenty.

Those wishing to take the examination should notify Senator Hale, 121 Senate Office Building, Washington, D. C., stating in which city they desire to take the examination, and such notification should reach him not later than October 16, 1929.

Boston College Overwhelms Maine In Runaway Game

By losing the Boston College game 42 to 0 Maine gave the poorest exhibition of football offered since Coach Brice assumed direction of her gridiron destinies. With green material on both ends and in the entire backfield Maine was helpless against the savage rushes of B.C.'s smooth working club, which was undefeated last year and named the best in the East. Whether Maine was absolutely poor or whether they were playing against the fastest club in the country has been argued in every hall session since last Saturday but it cannot be decided until the season is over.

Unable to make even a first down Maine's offense did not click with the same precision as seen against Yale last year but no one expected it would with a green back field. Hank Horne, Fat Davis and Red Vail played their usual steady game but the rest of the team seemed quite lost in the Big Town. Boston College was unable to gain

(Continued on Page Four)

New Ticket Plan Adopted For New Hampshire Game

A new ticket plan is to be adopted for the New Hampshire game Oct. 19. Each student presents a blanket tax at the cashier's office to be punched and a ticket will then be given the student for the game. Blanket tax tickets will not be accepted at the gate.

The seniors will be given their tickets at the cashier's window Monday, Oct. 14; seniors and juniors Tuesday, Oct. 15; seniors, juniors and sophomores Wednesday, Oct. 16; all classes on Thursday, Oct. 17. The cashier's window will be open from 9:00-12:00 A.M. and 12:30-5:30 P.M. all four days.

Seniors will be allowed to purchase an extra ticket at the regular price of two dollars. This privilege is extended to the juniors and sophomores in the order listed above as far as the seating capacity of the stands will permit.

Members of the band will obtain their seats the same as other students. Graduate students having blanket tax tickets may be classed as seniors.

Eagle Clawed Varsity Meets Connecticut Aggies Saturday

Powerful Football Aggregation at Storrs Expected To Give Maine Considerable Trouble; Game To Be Real Test of Maine's Power In Its Own Class

The Maine varsity leaves Thursday night for Connecticut where they meet the Connecticut Aggies Saturday. Only a few changes have been made in the lineup since the Boston College game. Hector Hebert will play fullback instead of John Jasionis who received an injury in the B.C. game. Milton Sims has been shifted from right halfback to left in place of McCabe. Walter Riley who is exceptionally fast and shifty has been given right halfback while Warren Blockfinger will remain at quarterback as Lyman Abbott is still unable to appear in the lineup.

The line will probably start as it did against Boston College although Bill Gowell may be able to play some of the game as he has been out for practice all week after his long seige with the mumps.

Arthur Larkin and Raymond Smith, ends; Cecil Horne and Lester Fickett, tackles; Eugene Vail and Ralph Davis, guards; and Lavan Zakarian, center, will be the opening line against the Aggies.

Coach Brice has kept the squad on its (Continued on Page Four)

Girls' Varsity Hockey Shows Great Prospects

The practice for Girls' Varsity Hockey is progressing favorably. The squad is being worked into shape more and more and team work is being specially stressed.

Coach Lengyel has one drawback this year in the loss of a center forward. With the graduation of Mary Robinson last June, this position was left unfilled. This is the most important and one of the most difficult positions of the team. It calls for a reliable, dependable, and level-headed player.

Practice this season is at 2:30 in the afternoon. This is earlier than last year, and seems to be more favorable. The attendance has been almost perfect so far, with but few absences. In all, things look favorable for the first game with Wilton Academy at Orono October 26th.

SPANISH CLUB HOLDS FIRST REGULAR MEETING

The Spanish Club held their first regular weekly meeting of the year last Thursday night. About 110 persons were present. Parker Spear, president, opened the meeting with a message of welcome to new members. A varied program was enjoyed. "La Paloma", sung in Spanish by Lewis Cabrera was enthusiastically received by the audience.

Rehearsals are now under way for "Gay Sunny Spain" which will be presented Spanish Night, December 5. The cast of about seventy-five people will be announced soon. This operetta, written by Mr. Cabrera, will have a distinct plot running through it, together with dancing and singing novelties. The few dialogues will be partly in English and partly in Spanish, so that it can be easily understood by everyone.

SENIOR SKULLS EXEMPT FOUR FROM FROSH RULINGS

The Senior Skulls have exempted the following men from all freshman rulings. Philip H. Linn, John A. Roberts, George M. Lapham, and Kenneth A. Cooper. The students of the two year course in agriculture are free from freshman restrictions.

Girls' Dormitory Rapidly Progressing

Considerable interest is shown in the new girls' dormitory that is being constructed in the rear and south of Balentine Hall. Work on it was started on September 4, and has been progressing rapidly since then. To date, the foundation is all but completed, and preparations are under way to begin work on the steel framing.

According to plans, it is the first of a new series of buildings to be constructed in the form of a loop. It is to be a three story brick structure, 95 feet long, 39 feet wide, and of Colonial style. The estimated cost of it is \$90,000.

The first floor will contain a large living room which can be easily converted into an outside porch by opening numerous windows. Also included are another inside living room, matron's quarters, a dining room with accommodations for 60, and rooms to provide for four girls. The kitchen will be in the basement.

The remainder of the rooms will be on the second and third floors. This dormitory will differ from the plans followed in Balentine Hall in that the rooms are arranged in suites of a study room, a living room, and two bedrooms to accommodate four students.

FRESHMEN STEAL MARCH ON EAGLES

The freshmen are stealing a march on the Sophomore Eagles. This year only the upperclassmen are allowed in Balentine Hall and Mount Vernon. This gives the freshmen more leeway than formerly, and they are making the most of their opportunities. The restrictions placed on them by the Eagles are few and not hard to follow.

Francis "Bud" Lindsay Escapes Serious Injury In Auto Accident

Francis "Bud" Lindsay escaped serious injury Thursday afternoon when an automobile which he was driving collided with another machine on the Veazie bridge at about 2:30. The wet and slippery condition of the road is blamed for the accident.

Traffic was held up at the scene of the crash for about 10 minutes, and the Bangor Hydro-Electric Company was obliged to send an extra car from Bangor to meet the regular trolley coming from Old Town, which was held up by the wrecked automobiles stranded on the rails.

The windshield on Lindsay's car was broken, and one front tire was damaged. The other car, a light cabriolet, driven by a person whose name is not known, was demolished by the impact. The body of the car was completely telescoped. Both cars were towed to Bangor garage for repairs.

MARTHA SMITH ELECTED FRESHMAN REPRESENTATIVE

Martha Smith of Saco was elected freshman representative in the council of Women's Student Government at a meeting of the freshman girls Thursday in Alumni Hall. The other candidates for the position were: Janet Young, Ernestine Merrill, Rosamond Cole, and Kathryn Small.

Miss Smith, who is the daughter of Mr. and Mrs. Louis M. Smith of Saco, graduated from Thornton Academy in Saco in 1928 and took a post graduate course there the following year. At that school she was a star in volley ball and tennis, and plans to go out for hockey and basketball here at the university.

Maine Music Festival To Be Discontinued

There will be no Maine Musical Festival this fall at Bangor it has been announced by Director Sprague. At a meeting of the University Chorus he disclosed the fact that last year's concert was put on at a deficit of \$600, bringing the total indebtedness of the Festival Association to about \$7000.

Director Sprague went on to say that the Bangor Auditorium, which was built for the Festival, is in a bad state of repair. It has been estimated that it will cost \$25,000 to put this building in first class condition. While there are parties in Bangor who would underwrite a festival this fall the Association feels it imperative that the Auditorium be repaired and the standing debt be cleared before any further debt be contracted.

A concert at which the University of Maine Chorus will take a prominent part is being planned for next spring, and work on the program is to be started at once. Director Sprague urges all those interested in this course to register as soon as possible. In years past the Maine Music Festival has been a gala occasion. People from all over the state have been attracted by such artists as Galli-Curci and Rosa Ponselle.

FRESHMEN WILL HAVE DEBATE TEAM

The first call for both men and women debaters will be issued November first by Herschel Bricker, coach of Maine debating teams.

A new feature this year will be the organization of a freshman men's team. This will give the new men a chance to display their talents. A debate with Keene Normal School, in New Hampshire, has been added to the schedule since last week.

THE NEW GYMNASIUM

The student body of the University of Maine last year contributed approximately \$25,000 to a fund for the building of the proposed new Alumni Memorial Gymnasium. This money was exacted from the students under high pressure. All were urged to "give until it hurts." Many students did give beyond their means because at the time of the campaign enthusiasm was running high, and it looked as though work would be started on the new building this year, at the latest.

Now we find that their money is locked up in a bank somewhere. The building may be started in the near future we are told, but how do we know when operations will get underway. The Alumni Association has been having drives for funds to swell the amount, but as yet seem to have failed to get enough money to warrant breaking ground for the new building.

Are the students at Maine giving money to build a gym for their children, or for their grandchildren? Of course the "old gag" school spirit may come in here somewhere, but if the alumni of an institution haven't enough spirit to take an interest in a building such as the new Memorial Gymnasium, then how can the Alumni Association find fault if the student body complains about the way in which their money is being used. What the student body of the University of Maine wants is action. They worked hard and gave their good money last year with the fond hope that some of them might see ground broken for the new building sometime before they became alumni, but from present indications the student body will be called upon again as alumni to "give until it hurts" for the building to the support of which they have already contributed most generously.

Some of the Maine Alumni may be taking a great interest in the new gymnasium but it would seem that if a majority of these alumni had taken the active interest in the project that was followed through by the student body last year that ground would be broken for the new building by this time.

The Boston College game caused many things, but one of the least expected was the finding of a kleptomaniac on the Maine campus. Mount Vernon was the scene of this person's activities. Two girls, owning cars and living at the above dormitory, park their vehicles in the yard. Sometime between dark and daylight the gasoline was siphoned from these cars, leaving one of them bone dry, and the other with about two gallons in it. If one student at the University, owning a car, cannot afford to buy gas, but must take that of a fellow student, he had better not run his car.

CORRESPONDENCE

To the Editor of the Campus:

General opinion, at least among the women students, adds the colloquial yet most fit epithet, "Pretty dusty", to that unmatched athletic field north of Balentine.

Thru the course of ages women have come to accept their position as a lowly one, yet should they be so reduced as to grovel in the dust when in pursuit of the hockey ball? In the present condition of the women's athletic field the game of hide-and-seek could of course be more highly and technically developed, or employment might be given to some specialized caddies who, with the aid of glasses, Diogenes lantern, and a portable water pump, pry under the mounds of choking dust and uproot the wily little ball.

Suffice it to say, however, that the women do not complain unduly in this account, but feel nevertheless that since their athletic tax is the same as that of the men, they should be entitled to a field somewhat fit for play. If a remedy cannot be supplied shortly, then the Athletic Association will be called upon to furnish protecting gas masks or some like equipment.

Would not an order for calcium chloride be thought a needy one to "lay the dust" on our field of prowess, and make it a more presentable one for Maine women?
M. H. '32
Name of writer withheld on request.

Editor of the Campus,

Dear Sir:

Don't say "Frat", the foremost colleges and universities in the country regard the abbreviation of fraternity, i. e., frat, as absolutely taboo. Several Maine men and women, either to save time or through ignorance, are guilty of this breach. "Fraternity" is a reputable word—let's use it exclusively.

Yours truly,

K. B. Lang

Book Review

"All Quiet on the Western Front"

Erich Maria Remarque

To those who plead not of a sensitive delicacy for literary sweetness, is recommended this book, the stark, unrestrained flow of war tragedy. Erich Maria Remarque, the young German who offers the truth at last about the hitherto varnished facts of the previous decade, writes with a compactness of utterance and directness of communication that cannot be denied. Nothing of the romantic pervades the proverbial roar of the cannon and heartless slaughter of heroes (so many gentle, winsome creatures love to shudder daintily over such horrors!); everything is truth told in its only fitting cloak—that of simplicity and straight forwardness. Grimness, clenching realism, crudeness of expression, and inescapable facts, all combined in a mighty theme, shout for the recognition that the book has rightly deserved.

MAINE ORCHESTRA STARTS REHEARSALS

The University Orchestra has begun its second year at Maine. Rehearsals take place in Coburn Hall each Thursday evening at 7:30. Galen Veayo is the conductor. A large variety of instruments have already appeared in the orchestra but more stringed pieces are needed. Everyone who can play a violin or cello is urged to come. At present the outlook points toward a busy and successful year.

Many plans are being formulated for the year's activities, among which the most important being the musical performance to be presented in conjunction with the chorus. The Orchestra also is expecting to take part in several chapel programs and to appear at Maine Masque plays.

PAN-HELLENIC ASS'N. HOLDS KID PARTY

The Pan-Hellenic "Kid" party in Alumni Gymnasium Wednesday evening was attended by some two hundred "kids", somewhat bedraggled in appearance owing to the wet weather, yet high in spirits. No one present looked a day older than ten and many much younger.

Sylvia Gould, acting as teacher, called the school to order and organized a spelling match, after which several fascinating games of childhood were played.

Toward the latter part of the evening, boxes containing sandwiches, cookies, apples, and lollipops were distributed and the "kids" were dispersed in groups on the floor to enjoy them.

The chairmen of the various committees were Erma Barton, invitation; Mary Weimar, decoration; Sylvia Gould, entertainment; and Margaret Bither, refreshment.

DEAN BEAN AND MISS CAMPBELL ENTERTAINED AT TEA

Miss Achsa Bean, dean of women, and Louise Campbell, women's secretary of the M.C.A., were entertained at a tea by the women's organization of the M.C.A. at Balentine sun-parlor, Saturday afternoon, from 3:00 to 5 o'clock. In the receiving line were Rachel Matthews, Dean Bean, Louise Campbell, Grace LeMoine, Hazel Parkhurst, and Hildreth Montgomery. Sylvia Gould and Jean Campbell poured. Pauline McCready was chairman of the committee.

CHI OMEGA INITIATES TWO MEMBERS

Chi Omega Fraternity admitted two new members at their fall initiation, Mabel Lancaster, class of '31, and Charlene Ellis, class of '32. The initiation was held September 28.

The following upperclass women pledges are announced: Phi Mu: Margaret Warren '30, Bangor; Berneice Hopkins '31, Camden; Kappa Psi: Vitolia Lobikis '31, Rumford; Marguerite Lincoln '31, Washington; Pi Beta Phi: Vivian Van Tassel '31, Brewer; Angela Minuiti '32, North Berwick.

Freshman Eleven Look Strong In Scrimmage With Varsity Tuesday

The freshman team showed up well in the scrimmage with the Varsity Tuesday. The varsity line, however, was not complete since some of Brice's best men were out; Davis, Gowell, Horne, Abbott and Palmer residing on the bench. The freshmen, playing a purely defensive game, proved to have a strong line due partly to the fact that all the men from tackle to tackle with exception of the center weigh over 185 pounds. The backfield is light but fast. During the course of the scrimmage the frosh showed plenty of fight and plenty of pep. If the team demonstrate the same cooperation and scrap that they used against the varsity, the game next Saturday with Notre Dame High should prove an easy victory for '33.

Coach Jones' present line up is: Frasier, center; Calderwood of Hebron, left guard; Wight, right guard; Pike, left tackle; Craig, right tackle; Burke of Moses Brown, R. L., left end; Lottoli, right end; Romanski, fullback; Lewis, right half back; Wilson, left half back; Hurd, quarterback with Dixon at quarterback. Cane at tackle, Hand at half back, and Brigham subbing.

CHI OMEGA HOLDS STAG DANCE

In spite of the unfavorable date the stag dance given by the Chi Omega sorority Friday, October 4, attracted a reasonably large crowd. Many of the students who for various reasons could not go to the Boston College game attended the affair.

One of the features before intermission was a balloon dance which brought about exciting competition among the men, who tripped about and reached into air to secure for their partners multi-colored balloons which were let down from the balcony.

DORMITORY GIRLS GUESTS OF BOARD OF ADMINISTRATION

The girls from Balentine and the Maples were the guests of the Board of Administration on October 6 at a Sunday night buffet supper in the Balentine sun parlor. Many co-eds were present as were President and Mrs. Boardman, Dean Bean, Mrs. Sullivan, Mrs. Merrill, Miss Parks, and Miss Foster.

ARTS NEWS

Students in the university interested in studying the works of Charles Dickens are cordially invited to join the Maine branch of the International Dickens Fellowship. The meetings are held once each month, either in Old Town or at Orono. For information please consult James S. Stevens, president of the organization.

The first meeting of the Arts Club will be held next Saturday evening at the home of Dean and Mrs. Stevens.

Alpha Omicron Pi initiates of 1929 took the upperclass girls of the fraternity on an all day picnic at Fort Knox last Sunday. Mrs. Marion Sawyer was the guest of honor.

Evelyn Winslow '31, spent the week-end with Margaret Fellows '31, in Bucksport.

Doris Curtis, Ella Bolan, and Frances Downes spent the week-end at their homes in Winterport.

Freshman Harriers Meet Winterport Team At Orono Saturday

The Freshman Cross Country team held their first meet with Winterport Harbor here at Orono Saturday, October 12th. Coach Jenkins held time trials over the Freshman Course on Tuesday night to pick the men who will compete against the Harbor.

The result of the time trials was as follows: (1) Harry Booth, (2) Haskell, (3) Shaw, (4) Bullen, (5) White, (6) Elliott, (7) Harvell, (8) Bates, (9) Roberts and (10) Higgins. The first seven of these men will represent the Frosh Saturday in the meet with Winterport Harbor.

Several time trials have been held in which the Frosh showed plenty of fight in buckling down to tackle their three mile course. Harry Booth, Ex-Captain of Hebron is leading the pack with Haskell of Lee a close second. Haskell was captain of Lee Academy cross country pack two years ago but has not done any running during the past year. He is getting into shape, however, and in Booth and Haskell Coach Jenkins will have two fine distance men.

Read 'Em And Weep

It's a good thing: That Zakarian had a parrot from the South Seas. He expresses himself so well—when he's angry.

They say:
A man from the cellar always comes up smiling.

There was once a girl who thought that Black Prince was the son of Old King Cole.

Senior: "I'm going to marry a pretty girl and a good cook."

Soph: "You can't. That's bigamy."

Maybe that rumor of a faculty beer party in honor of the two Steins on campus, Dr. Steinmetz and Prof. Steinbauer, may be held after all. Should be rather a rocky time.

Faculty News

Mr. and Mrs. Frederick G. Fassett, Mr. and Mrs. William Scamman, Walter Whitney, and Miss McCreary spent last week end at Mr. and Mrs. Fassett's cabin at Snow Pond.

Dean J. S. Stevens entertained the Dicken's Fellowship of Old Town and Orono at his home Tuesday evening. This year the literary club is studying "Bleak House".

Dean Bean, Miss McCreary, and Miss Brickett were hostesses at the business meeting of the A.A.U.W. Tuesday evening.

SCREEN

For the first time in history an elaborate combination of a stage production and a motion picture has been made. It is "Show Boat," the Universal talking picture coming to the Strand Theatre next Monday and Tuesday. It combines a super screen production of the noted Edna Ferber novel with the highlights of Florenz Ziegfeld's musical extravaganza based on the same story. Laura La Plante, Joseph Schildkraut, Otis Harlan, and other screen favorites make up the cast, while the Ziegfeld numbers are introduced via movietone by Helen Morgan, Jules Bledsoe, and other Ziegfeld stars.

Heads up. Dangerous curves ahead with Clara Bow at the Strand for next Wednesday and Thursday. Richard Arlen plays opposite Clara in the picture.

Mr. Goldsmith, the manager of the Strand Theatre wishes to announce that he will bring back for presentation pictures that were shown previous to the opening of school. One of these will be the Four Marx Brothers in the "Cocanuts."

If Louis Asali '32, and Mildred Boynton '32 will present this page at the box office they will receive a pass to any performance.

NOTICE

Students who have changed their place of residence since registration and have not reported the change to the Registrar's office should do so on or before Monday, October 14, as the directory of student addresses is now being printed.

COLLEGE OF TECHNOLOGY NOTES

A. C. Lyon and nine senior civil engineering students were at West Enfield, Maine, October 2, on hydraulic fieldwork.

E. E. Sawyer of Old Town and Stillwater, who has been employed as Assistant Chemist at the Orono Pulp & Paper Company's plant at Basin Mills for a number of years, has accepted a position as Research Chemist with the Keyes Fibre Co. at Fairfield, Maine. Mr. Sawyer's former position has been taken by another University graduate, Clayton T. Bockus '27. Since graduating Mr. Bockus has been with the Imperial Color Company at Glens Falls, New York, and more recently with the Massachusetts State Laboratory of Public Health at Boston.

John B. Calkin, a graduate student in Chemical Engineering at the University in 1928, who has been Chemical Microscopist in the research department of the Brown Company at Berlin, New Hampshire, has accepted a similar position with the Dennison Manufacturing Company at Framingham, Mass.

M.C.A. FRESHMAN CABINET HOLDS RETREAT

The M.C.A. Freshman Cabinet held their annual retreat at The Billington, East Eddington, last Saturday and Sunday. Saturday afternoon was devoted to sports. Chester Ramsey led the discussions, and Mr. Cecil Fielder was in charge of the Sunday services. The following men attended: Henry Conklin, William Atkinson, Carroll Works, Edward Wilson, Paul Robinson, Theodore Prescott, Freeman Hussey, Stanley Prout, Richard Millar, Kenneth Smith, Edward Haggett, William Linskey, Rommy Haines, and Philip Starbird.

Sub-committee of the Boston Society of Civil Engineers on the Effect of Snow Accumulation on Floods of New England Rivers. Professor Lyons plans to arrange for speakers for the local Civil Engineering Club and to attend lectures by Dr. Ing D. Thoma, the eminent German hydraulic engineer, at Massachusetts Institute of Technology. Roland J. Cyr,

who has been elected delegate to the meeting of Delegates of Student Branches of A. S. C. E. will accompany him.

A motion picture and demonstration on

Liquid Oxygen will be given Thursday, October 10, at four o'clock, Room 305 Aubert Hall, by a representative of the Air Reduction Company of Boston. The

public is cordially invited.

W. E. Barrows addressed the Twentieth Century Club at the Bangor House, Monday evening, October 7, giving an illustrated talk on Phases of Illumination.

P O 8480 Ad 69

"My girl looks great", said frater Bill, "And Mine," quoth Dick, "is an awful pill!" But Pete said "They'll both strut their bangles, We've fixed the floor all up with Spangles."

ON WITH THE DANCE

Everyone dances when the floor has been prepared with Spangles. Just pure white crystalline flakes that anyone can sprinkle on in a minute. No waxing, no polishing. The fun begins right away. Particularly fine for fraternity, sorority, and club dances.

DR. CARL OTTO WILL ADDRESS CHEMICAL SOCIETY

The program arranged for the American Chemical Society on Friday includes an illustrated talk by Dr. Carl Otto, describing some of his travels during the past summer in the mining regions of Michigan. Here large bodies of iron ore occur close to the surface, and their work-

ing is an interesting example of mining engineering. Dr. Otto is a specialist in photography, and his talk will be illustrated with lantern slides made from photos he took on the trip. The purpose and organization of the Chemical Society and its relation to the student will be explained by Dr. Gilliland. The chairman of the Maine Section, Mr. Osborn, will preside, and will announce the winner of the chemical scholarship contest. The student having the highest ranks in chemical subjects, as described in the last issue of the Campus, will receive a year's membership in the society.

(Continued from Page One) Boston College Overwhelms Maine in Runaway Game

much ground through the center of Maine's line but ran around the ends and threw passes until the score reached mammoth size. Maine's green backs were completely at a loss on the defense, especially against passes. Several long passes which men of experience would have easily intercepted or knocked down, went for long gains and added many points to the score.

The benefits of such a game, aside from the money involved, seem rather vague but Coach Brice could find just where the weak points were as they all showed up in the game. The game did show just who was in the thick of it and had the stuff to stay in. The man who could not take a licking with a smile on his face had no place in that game. As one of the men said in the thick of it "It's rough but I like it." That is the stuff that is going to help Coach Brice develop a team to cop the 1929 State Series. The boys have seen their faults, now let them work hard to correct them.

(Continued from Page One) Eagle Clawed Varsity; Meets Connecticut Aggies Saturday

toes all week with long hard practice sessions. Tuesday afternoon he sent the varsity against the Freshmen in a long scrimmage. The varsity was on the offense most of the afternoon but made no remarkable showing against the sturdy Frosh line. The old plays have been smoothed out and a few new plays given the team.

The score of last year's Connecticut Aggie game played at Orono was 0 to 0 but the Aggies have a strong club this year and on the basis of Maine's showing last week are prepared to run up a few points. Whether they do or not depends on whether the team has the fight to stay in the game and carry out the Coach's assignments. The Maine backfield has been drilled in defense against passes, one of the weakest points noticed in the team this year. Saturday's game will determine in large measure who will play the rest of the season as many of the green men have been falling down in their assignments.

FOOTWEAR FOR MEN

The
"ROB ROY"

Here's a shoe that fairly sings of youth and high spirit—of frosty mornings and the smell of burning leaves. If ever a shoe fitted the autumn mood, the "Rob Roy" does. It is wing-tipped in a combination of rich Scotch grain and sturdy calf skin. Get into a pair and you'll realize its quality goes far beyond the lustrous surface. But that's to be expected—it's a Bostonian, you see.

Turn the light on the Truth!

It's just naturally good tobacco—not "artificial treatment" that makes OLD GOLD gentle to the throat and better to the taste

No one cigarette-maker has any monopoly on the heat-treatment of cigarette tobaccos.

For heat-treating is neither new nor exclusive. It has been used for years by practically all cigarette-makers to "set" and sterilize their tobacco.

But OLD GOLD'S goodness does not depend on artificial treatment. It is the product of naturally good tobaccos... carefully selected for

mildness, smoothness and flavor. Tobaccos made free of "throat scratch" by Mother Nature herself.

Try a package. You'll immediately get the thrill of this smoother and better cigarette. And you'll know then why OLD GOLD'S sales are ALREADY THREE TIMES GREATER than the combined growth of three leading cigarette brands during a like period of their existence.

Better Tobaccos make them smoother and better... with "not a cough in a carload"
